

**City of St. Helena Proclamation**  
**Fire Prevention Week October 9 – 15, 2016**

**WHEREAS**, the City of St. Helena is committed to ensuring the safety and security of all those living in and visiting St. Helena; and

**WHEREAS**, fire is a serious public safety concern both locally and nationally, and homes are where people are at greatest risk from fire; and

**WHEREAS**, U.S. fire departments responded to 369,500 home fires in 2014, according to the National Fire Protection Association (NFPA); and

**WHEREAS**, U.S. home fires resulted in 2,745 civilian deaths in 2014, representing the majority (84 percent) of all U.S. fire deaths;

**WHEREAS**, in one-fifth of all homes with smoke alarms, the smoke alarms are not working; and

**WHEREAS**, three out of five home fire deaths result from fires in properties without smoke alarms (38 percent) or with no working smoke alarms (21 percent); and

**WHEREAS**, working smoke alarms cut the risk of dying in reported home fires in half; and

**WHEREAS**, all smoke alarms should be replaced at least once every ten years; and

**WHEREAS**, City of St. Helena's first responders are dedicated to reducing the occurrence of home fires and home fire injuries through prevention and protection education; and

**WHEREAS**, St. Helena's residents are responsive to public education measures and are able to take personal steps to increase their safety from fire, especially in their homes; and

**WHEREAS**, the 2016 Fire Prevention Week theme, "Don't Wait – Check the Date! Replace Smoke Alarms Every 10 Years" effectively serves to educate the public about the vital importance of replacing the smoke alarms in their homes at least every ten years, and to determine the age of their smoke alarms by checking the date of manufacture on the back of the alarms.

**Now, therefore let it be resolved**, that I, Alan Galbraith, Mayor of St. Helena, do hereby proclaim October 9-15, 2016, as Fire Prevention Week throughout this city. I urge all the people of St. Helena to find out how old the smoke alarms in their homes are, to replace them if they're more than 10 years old, and to participate in the City of St. Helena's 22<sup>nd</sup> Annual Open House Event during Fire Prevention Week 2016.

Dated: September 27, 2016
