Liberty & Justice for All: A Lecture on the Power of Democracy

Marielle Coeytaux has put together a presentation that shows how family, religious, and political structures empower or dis-empower their members, leading them to either abundance or to poverty. She will share with you her findings on institutional oppression and its anti-dote: DEMOCRACY.

Coeytaux will unveil the power of oppression (how it works, the belief on which it justifies its hold, and the strategies it uses to keep its grip). She will then show how democracy serves as a firewall to oppression. This is a timely subject that deserves every voter's attention.

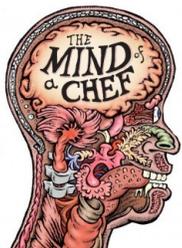

Marielle Coeytaux: trainer, mediator, and expert on bullying prevention, has been studying human dynamics and practicing techniques of personal empowerment for over 40 years.

Tuesdays at 10:30 am: Coffee & Culture
